

# *MOVER* and **SHAKER**<sup>™</sup> *Session*

## An Hour of Power

Are you tired of parades of PowerPoint presentations?  
Try our never-fail *Mover and Shaker*<sup>™</sup> session.

### DESCRIPTION

Great organizations are comprised of knowledgeable people who know how to get things done. And since each one of us has amassed a wealth of knowledge and experience, it seems a shame to keep that knowledge private. When two people interview each other, they share their knowledge and know-how with each other *and* strengthen their relationship at the same time.

A *Mover and Shaker*<sup>™</sup> Session is a dynamic information exchange process that maximizes the human capital of any gathering. Watch the room heat up as your Movers & Shakers share ideas, offer resources and learn from each other in this fast-paced, structured interviewing process.

The session begins with a powerful opening message. Folks are then identified as either a Mover or a Shaker. Interviewing pairs are given a list of suggested questions to ask each other. Once the bell rings, pairs have eight minutes to interview each other. Once the bell sounds again, the Movers move and the Shakers stay where they are...and the process begins again! Typically, we conduct three rounds of interviews. Once the interviewing is over, highlights of the conversations are captured in small groups.

Watch as people get energized by the process. Then watch the significant returns you get on this investment in sharing professional expertise and strengthening relationships.
