RETREAT DESCRIPTION

Ge. Haw. Imagine a chorus of dogs barking with excitement upon a snowy mountaintop. They want to run, they want to go – where will you take them? Explore the essence of leadership while experiencing the thrill of dog sledding, rock climbing, fire walking, horseback riding or whitewater rafting.

Central to *Leadership in Full Gear* is time for participants to reflect upon their leadership skills. This “collective connection” and renewal process gets at the heart why your leaders are willing to lead day-in and day-out. Their discoveries can be the fuel that keeps them going through the rough organizational times. They'll also learn ways to garner organizational support for company initiatives. Kick your leadership into full gear and set out on your adventure today. Yee ha!

LENGTH

1-3 Days

“The test of an adventure is that when you are in the middle of it, you say to yourself, 'Oh now I've got myself into an awful mess. I wish I were sitting quietly at home.' And the sign that something's wrong with you is when you sit quietly at home wishing you were out having lots of adventure.”
